Notwithstanding having received permission to enter the track from the pits, drivers shall keep to the side of the track from which they are entering, and must satisfy themselves that the track is clear of oncoming karts before entering the main path of race traffic, and shall yield the right-of-way to oncoming race traffic, and not interfere with the path of other karts. **Before entering the track from the pits the driver must signal by raising an arm. A driver must not cross over and must stay within the limits of the pit exit blend line if one exists with all four wheels.**
- c) It is not permitted to drive a kart, at any time, in the opposite direction of race traffic without the permission of the Race Director. Infractions of this Regulation may mean immediate exclusion.

- e) The driver of a stalled kart must raise both arms to indicate that the kart will not move until the track is clear.
- f) No work may be done on the kart while it is on the track.
- g) If a driver can safely drive onto the track after a spin, they may do so. Karts can be pushed only for removing a disabled kart from the track to the nearest safe position.

- e) The penalty inflicted for ignoring the BLUE flag shall be applied to the drivers who obstruct part of the track, and shall range from monetary fine to exclusion.
